Regis University CC&IS
CS336 Web Programming
Assignment 1: Project Theme

Term Project

We will be creating a website for a conference over the term of this class. Every week, we will build new features and add them to the site. The conference will enable users to:

- register for the conference
- sign-up for workshops
- select meal options

Steps for Completing the Assignment

1. Decide on the nature of the conference. (e.g. Company conference? Training conference?)
2. The conference will have three workshop time slots. Each of the time slots contains three workshop options. There will be nine workshops total. Please use descriptive titles, not single letter or single word titles. These titles will be used later in the course when working on string manipulation.

Submission

Submit a single page document containing the following information:

- Conference Theme
- Three sessions of workshops, each session will contain three workshops

This assignment is due by midnight of the date listed on the Assignments page.

Before submitting your program file, you MUST re-name it as follows:
Lastname-Assn1.docx (or txt)
For example: Smith-Assn1.docx (or txt)

To submit your assignment completing the following steps:

1. Click on ***Dropbox*** in the course Navigation bar.
2. Click on the **Assignment 1: Project Theme** link in the Folder List.
3. Click on the **Add a File** button
4. In another window on your computer, browse to the file you created.
   a. Drag and drop the file to the area within the dotted lines.
5. Click on the **Add** button
6. Click on the **Submit** button.
7. You will receive a **Confirmation email** for the submission.

Grading

If you submit the document, you get full credit. If not submitted, no credit will be given.
